Question: _____

Answer: _____

Picture Graph Worksheets

Use the table below to create a picture graph in the space provided.

Animal Habitats		
Desert	Tundra	Grassland

Title: Animal Habitats

Legend: Each 0 = 1 animal habitat

- How many more animal habitats are in the grassland than in the desert? 8
 $14 - 6 = 8$
- How many fewer animal habitats are in the tundra than in the grassland and desert combined? 15
 $14 + 6 = 20$ $20 - 5 = 15$
- Write and answer your own comparison question based on the data.

Question: How many more animal habitats are in the grasslands than in the tundra?
 Answer: 9 more habitats are in the grassland than in the tundra.
 $14 - 5 = 9$
