Subtraction Word Problems Worksheets

Read the story. Complete the number sentence and statement.

1. There are 8 animals in the pond. Two are big. The rest are small. How many are small?

$$\underline{\quad 8 \quad} - \underline{\quad 2 \quad} = \underline{\quad 6 \quad}$$

$\underline{\quad 6 \quad}$ animals are small.

2. There are 7 students in the class. 3 students are girls. How many students are boys?

$$\underline{\quad 7 \quad} - \underline{\quad 3 \quad} = \underline{\quad 4 \quad}$$

$\underline{\quad 4 \quad}$ students are boys.
